

## PRODUCT SUMMARY

Need a pick-me-up? Our light, sparkling NingXia Zyng™ delivers a splash of hydrating energy right when you need it. Whether you're running between meetings or after-school activities, this refreshing drink is perfect for anyone who needs a little boost while on the go.

Coming in at just 35 calories per can, NingXia Zyng brings together Black Pepper and Lime essential oils, wolfberry puree, and white tea extract for a berry-infused citrus drink with a little kick. Plus, we never use artificial flavors, sweeteners, or preservatives in NingXia Zyng, so you can always feel great about this guilt-free boost of refreshing energy.

## KEY INGREDIENTS

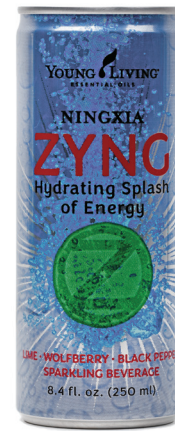

White tea leaf extract, Ningxia wolfberry (*Lycium barbarum*) puree, Blackberry juice concentrate, Black pepper (*Piper nigrum*) fruit oil, Lime (*Citrus latifolia*) peel oil, Blackberry juice concentrate, Stevia rebaudiana leaf extract.

## EXPERIENCE

NingXia Zyng is a light, crisp, lightly sparkling pick-me-up. It uses a blend of Lime and Black Pepper essential oils for a bright, subtle flavor you'll love to have on hand while you run errands, work, or relax at home!

## PRODUCT BACKGROUND

The inspiration for NingXia Zyng came from Gary Young's time on the farm when he would work long days and crave a cool drink after hours in the fields. When he looked for a refreshing solution, he found only conventional soft drinks and beverages filled with artificial ingredients and preservatives. With a market full of over-processed, over-cafeinated sodas and energy drinks, Gary decided to make something new. Enter NingXia Zyng, with no artificial colors, flavors, or preservatives and only 35 calories per can. The perfect companion for busy moms and on-the-go lifestyles, NingXia Zyng gives you a balanced burst of energy during your most hectic days!

## FREQUENTLY ASKED QUESTIONS

**Q. From where is the white tea leaf extract sourced?**

A. The white tea leaf extract is sourced from China.

**Q. Is NingXia Zyng considered an all-natural product?**

A. Although it contains no artificial flavors, colors, sweeteners, or preservatives, NingXia Zyng cannot be called "all-natural" since vitamins and other ingredients are added to enhance this drink.

**Q. Why is citric acid added to NingXia Zyng?**

A. Citric acid is used to adjust the pH level in NingXia Zyng.

**Q. Why was Black Pepper chosen for NingXia Zyng?**

A. Black Pepper was chosen to balance the wolfberry puree's sweetness, provide touch of spice, for its natural preservative properties, and to create a rich flavor profile.

**Q. How much caffeine is in a serving and what ingredient results in the caffeine content?**

A. There are 35 mg of naturally occurring caffeine per serving. The caffeine comes from the white tea leaf extract.
