

Clean the Clean

It's a strange phenomenon. One would think our washing machines and sinks would be incredibly clean.

Not so much. Smelling that smell? put a drop or two in your garbage disposal. Mix with some baking soda and add to your washing machine and/or dishwasher.

You'll be pleasantly surprised at the new smell!

Kids smell.
Husband smells.
Dog smells.
Cat smells.
Outside smells.

What does clean smell like?
Purification, hands out. A lovely blend of Citronella, Lavandin, Lemongrass, Rosemary, Myrtle, and Tea Tree

Air Freshener

Just one of many easy oil tricks. Fill a mason jar about half-way with baking soda. Add a few drops of Purification (4-6 drops).

Put a nail in the lid and punch through with a hammer. Do this 6-8 times. Now the fragrance can escape. Enjoy!

Pest Repellent

Oils can help your pet repel fleas, ticks, and mosquitos.

Combine:

½ t. thieves cleaner, 1 drop cedarwood, 3 drops purification, 2 drops lavender, 2 drops citronella, 1 drop thyme, and 3 drops orange. Soak collar in mixture.

That Feeling

That feeling. You know it - the tickle, the twinge, the here it comes.

When you get that feeling massage two drops of Purification with 1 tablespoon carrier oil on your neck.

Reapply as needed.

Kill the Cough

In a roller bottle combine 30 drops each: RC, Ravintsara, Purification, Lavender, Carrier Oil

Apply all over chest to help with reoccurring cough.

Diffuse
Purification and Thieves
to Boost Immunity

#oilforthat

Vent Happy

Apply to cotton balls and wipe all of the vents in your home. Add a few drops to your furnace filter. Sure - you can do this with any oil - but why not use the cleanest smelling oil around? Trust me you won't be sorry!

Fly Away

I LOVE me some fresh peaches. That sweet juice running down your chin? Nothing better. While I love them - I HATE the fruit flies that accompany fresh fruit.

Easy fix - mix lemon and purification in your diffuser and set on your counter. No more flies and MORE peaches. Everyone is happy.

Bug B Gone

Worried about DEET? Yeah, me too.

Spraying chemicals on me and my children never felt quite right. Here's a solution....

In a 2 oz. bottle combine 1 teaspoon olive oil or vegetable glycerin, five Drops of Purification, Citronella, Thieves, Lavender. Add three drops of Patchouli and Lemongrass. Top with four drops of Palo Santo. Fill the rest of the bottle with witch hazel. Spray away and don't forget to reapply!
