Thieves Tea

The SECOND you start to get that tickle in your throat get your Thieves. The best remedy for oncoming ick? Thieves tea. 8 oz. hot water, a squeeze of lemon, a teaspoon of honey, and a couple drops of Thieves. You'll beat it in no time, for sure!

Thieves is Young Living's most popular oil and for good reason. It's a POWERHOUSE. We have Thieves everything here - Thieves cleaner, Thieves lozenges, Thieves oil, Thieves hand sanitizer...

The legend of Thieves comes from the time of the Bubonic plague. A group of bandits went around robbing dead bodies but somehow remained well. Upon their sentencing a judge asked how they were able to avoid the plague. They exchanged their information for a lighter sentence.

The answer? A combination of Cinnamon, Clove, Lemon, Eucalyptus Radiata and Rosemary-- what we find in our modern day blend!
